

Software Release Notes

1. General

- Product Name: AxTraxNG
- Software Product: AxTraxNG_27.5.4.4
- Related to Products: AC-215, AC-215IP, AC-225, AC-225IP, AC-425, AC-425IP, AC-525, AC-825IP, MD-D02, MD-D04, MD-IO84, R/S/D/P-805
- Software Version Number: 27.5.4.4
- Date of Release: 17th May 2017
- Product Summary: Setup includes AxTraxNG Server/Client/Server Monitor, ViTrax and prerequisite redistributables

2. New Features/Functionality Added/Modified

- Car parking groups limitation is extended up to 256 groups with AC-825IP
- AC-825IP supports up to 100,000 users
- Panel download status and general status – new presentation per panel
- Auto report by email
- Alert notification by email
- File names saved by ViTrax are saved with dates
- Added an option to view user IDs and credentials in reports
- Access Area current population status report
- Panel outputs are shown in *Outputs* section and can be activated
- Enhanced network information for each network
- Multiple pages of a report are numbered
- Email fields of users can accept up to 100 characters

3. Issues Resolved

- Status maps window with large background image failed without showing an error
- Failed to import status map
- Wrong decision to open doors for not allowed users on "Access denied" event when "Access granted command" is checked
- Spontaneous full upload
- Show an error message when trying to create a report when maximum capacity of events to be reported has been reached
- Wrong channel number was saved in DB when adding Dahua camera from channel list
- DB sharing menu modifications
- "Auto open" in user details form didn't work

- Missing panel information in the properties of AC-825IP panel
- "Downloads" summary status does not appear in the Server Monitor
- Unable to select items from dropdown lists in some cases
- Download counter continued to grow without a reason
- Couldn't accept MAC addresses when typed in lowercase letters
- Firmware update process enhancements

4. Known Issues

- Snapshot pop-up does not show from some cameras connected to ViTrax
- Database operation error "Selected Directory isn't local" (solution in AxTraxNG Readme file)
- Serial connection problems are possible on a computer with COM-port on PCI-card
- On panel state boot loader without firmware, no communication on speed 115200 on TCP/IP
- ViTrax Camera Archive records – Audio is not recorded in some cases
- ViTrax Cameras PTZ functions do not work properly on Vivotek PT7135 and PT7137 cameras
- User who is of Number 4, and has a PIN code of '4444', cannot get access granted event

5. Miscellaneous

- Microsoft SQL Server 2012 Express may be installed as another DB server on the installation PC
- All the network's expansions must be on the same version
