## AVIGILON<sup>®</sup> H6A PTZ CAMERA

Physical security threats move fast. We help you move faster.

Whether it's detecting security breaches, monitoring operational workflows or capturing vital evidence, the Avigilon H6A Pan, Tilt and Zoom (PTZ) camera empowers you with an unparalleled level of situational awareness. It offers intuitive controls to revolutionize the way you oversee your security operations. Put safety at the forefront with this Al-powered camera that is designed to effectively cover large areas with expansive 360-degree views. Available in 2 and 4 MP, it captures fast-moving objects with operator precision and offers up to 30x zoom for long range details in all lighting conditions.

# EATURE SPOTLIGH

#### **ADAPTAI VIDEO ANALYTICS**

Be a step ahead with the camera's ability to classify people and vehicles and alert you of potentially critical events, such as a person crawling along a fence. It can distinguish between various trucks such as a van, pick-up truck or large truck with analytics event support.

#### **AUTO-TRACKING<sup>1</sup>**

Automatically follow and zoom in on an analytic-detected person or vehicle for greater detail without operator intervention. Free up your time to focus on other tasks while ensuring critical moments never get missed.

### Q

#### AUDIO ANALYTICS<sup>2</sup> & RECORDING

Expand your awareness with alerts for gunshots<sup>3</sup>, breaking glass, fire alarms and more. Review video from the triggering camera to investigate the sound. Have the option to record audio when you need it.

#### **OUTDOOR-READY DESIGN**

Protects against impact, water, windblown dust and a degree of corrosion with IK10, IP66/67, NEMA Type 4X and TS2 ratings.

#### **SECURE & COMPLIANT**

Trust that your data is well-protected with advanced cybersecurity features such as an onboard FIPS 140-2 level 3 compliant TPM and Secure Boot.

#### **ONVIF® CONFORMANT**

Easily integrate with existing ONVIF infrastructures via Profile S and T. Search, playback and retrieve edge recordings with Profile G. Enable cross-functionality with thirdparty analytics using Profile M.
